Cobra

COBRA is a federal law. One aspect of this law affords striking workers the opportunity to continue their health plan coverage when they are on strike. COBRA National Service Center will send a letter of notification to each and every striker giving him or her a 60-day notice. Although the following information is related to a strike situation COBRA is also available to anyone leaving a company to pursue better interests.

Provisions of COBRA

1. It allows the worker to continue their current health care coverage by paying the equivalent premium.
2. This letter will inform you of your rights and responsibilities and costs of continued coverage. It will give you an address to which you may send your response. Please consider the following when making your decision regarding COBRA:
 - a. If you are currently under a doctor's care for a medical condition that cannot be delayed, it is recommended that you send the notification back to the COBRA Administrator as soon as you can.
 - b. All others should wait until the 59th day to advise the COBRA Administrator of their decision.
 - c. We recommend that this response be sent via certified mail.
 - d. Payment for continued coverage is not due until the 45th day after you have responded to the notification.
 - e. People who are planning or have scheduled elective surgery or medical treatment that can be delayed, should delay treatment until after the strike is over.
 - f. COBRA will not pay bill until the premium is paid.
